EDUCATION

- **Bahcesehir University** Oct 2021 – Present
B.Sc., Computer Engineering (%100 Scholarship) GPA: 3.4/4.0
- **Istanbul Koy Hizmetleri Anatolian High School** Sep 2017 – Jun 2021

EXPERIENCE

- **Doping Hafiza** May 2024 – Aug 2025
Backend Developer Intern
 - Developed scalable backend services using Java and Spring Framework within a microservices architecture.
 - Implemented core components of newly built microservices and contributed to enhancing existing projects.
 - Worked on database management and optimization using PostgreSQL while developing RESTful APIs.
 - Gained experience in Agile development (Scrum) and CI/CD best practices.

CERTIFICATION AND TRAINING

- **YetGen Basic Program (Certification)** Feb 2024 – May 2024
Yetkin Gencler
 - Completed a 12-week program exploring 21st-century skills, business, and entrepreneurship, enhancing critical thinking, problem-solving, communication, and teamwork abilities.
- **Java Backend Developer Education** May 2023 – Sep 2023
UPoD Digital Future Community
 - Completed a 227-hour program on Java, SQL, and database integration, gaining strong knowledge of software development principles, Agile methodology, and career development.
- **Stanford University's Code in Place (Certification)** Apr 2023 – Jun 2023
Stanford University
 - Strengthened Python and problem-solving skills through hands-on programming while collaborating with international participants to gain teamwork experience.

TECHNICAL SKILLS

- Java, Spring Boot, SQL, Git, C++, Python, Docker

LANGUAGES

- English (B2)
